

C-PEN EXAM READER 2™

Get the results you deserve

C-Pen Exam Reader 2 is a zero-storage reading pen designed for use in exams. When they can read questions stress-free, students can focus on the answers!

With Exam Reader 2, schools don't have to invest in human readers or extra rooming, and can dedicate the money and the time they save into supporting other learner needs. It's approved for use in most exams, too, such as those under JCQ in the UK—check with your exam board to find out more!

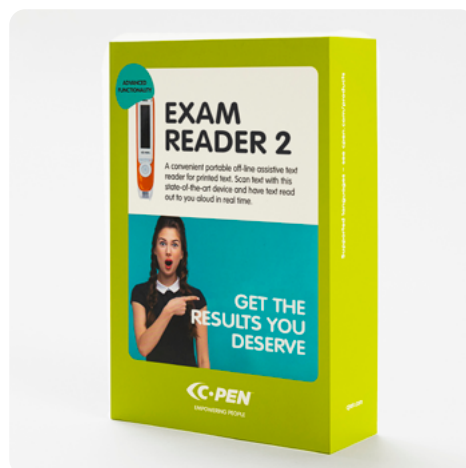

C-Pen Exam Reader 2 Features

- Reads text out loud in a clear, natural voice
- Approved for use by major exam boards
- Offline, closed system with no save or record functionality
- No Wi-Fi connectivity
- Talking menu
- Speaker and earphone jack
- Rechargeable battery sufficient for 8hr+ use
- Cost-efficient assistive solution for schools
